Amendments Aug 2024 – checked and updated		IS			
Adopted by Governors	by Governors Sept 2024				
Review Date	August 2025 or before as required				

This policy is applicable to all pupils, including those in the EYFS (Nursery and Reception). (linked to Inclusion Policy A2ii, A15 and A15i.)

This document has been created to ensure Castle House School complies with the Equality Act (2010) and the Special Educational Needs and Disability Act (SENDA 2001)

Introduction

The school aims to offer the highest quality of teaching, learning and support to all pupils in the pursuit of excellence both academically and personally. We value the diversity of our school community and work towards ensuring every pupil can access the whole school curriculum. The school recognises its obligations and will undertake any reasonable steps to avoid putting any pupil at a disadvantage. This document complements and supports the school admissions policy and procedures.

This document will be regularly reviewed by school leaders and governors to ensure its status and actions continue to meet the needs of all school stakeholders. The school recognises the need to create an accessible curriculum for all pupils and will make reasonable adjustments to facilitate this aim. The school also recognises the historic nature of the buildings (many of which have listed status) and will ensure the site remains fit for purpose. Where opportunities present themselves, modifications will incorporate improved physical access, complying with latest planning and building regulations whilst being sympathetic to the historic character of the site. This background may guide the school to accommodate pupils with physical accessibility limitations by utilising existing resources flexibly, initially, whilst longer term actions are implemented.

Any and all considerations have been made with reference to those involved, for example the coming employment of a new Admin assistant has been assisted through a clear analysis of need. Where children / parents are unable to access written word due to EAL it is agreed with the family to use Google Translate to modify text into the mother tongue. Where pupils have a physical need, alongside the general review of an EHCP, parents are consulted and accommodated on a case by case basis.

The table below indicates priority areas for the school: -

Target Item	Current situation	Plan of Action Required	Required Resources	Target Date	Comments & Impact
General access for anyone with mobility limitations or for wheelchair users within school	Portable ramp available. No access to upper floors. Access to playground, Cedars block, hall and all areas off main entrance areas is good.	Regular check of portable ramp to be implemented. Door bottom seals and thresholds to be modified to improve smoothness.	School leadership to delegate checks and door adjustments to Staff and monitor progress.	Completed	Ongoing action already started.
Ongoing yearly review of admissions and results of overall evaluation of pupils needs.	Review completed 2024 with no other adjustments required other than already detailed for incoming SEN pupils	Keep situation under review and adjust when required	School leadership awareness	Last review Aug 2024 Ongoing live monitoring.	Ongoing action, part of yearly admissions cycle.
Parking for disabled visitors	All current parking at School is a challenge due to location. No easy fix to this without major construction and disruption. Flexible measures currently deployed.	Evaluate feasibility of creating a dedicated disabled parking space.	Headteacher to delegate to Site maintenance staff	Ongoing.	School currently creates a dedicated Blue badge holder parking space when required, by moving cars and segregating a temporary area in a staff spaces near to the main reception / Hall entrance.
Induction hearing loop	Portable induction hearing loop available for deployment as required	Deployed as required by pupil needs review (Item #2) Yearly test of hearing loop system to be implemented	To be delegated by School leadership	Review as required	Currently no children requiring induction loop
Disabled Toilet provision.	Currently school has ground floor toilets which are accessible to anyone with limited mobility within main school. One wheelchair accessible toilet is available within Cedars block.	Review pupil output of pupil needs review. If required plan building modifications to make Staff toilets accessible.	To be delegated by School leadership as required.	Completed – but mindful consideration given to any future development works.	Building modification must be carefully planned within existing resources, to suit planning and building control regulations.
Access to curriculum	The school is continually adjusting timetable and facilities to ensure all pupils can access whole curriculum. IT provision is distributed within many rooms.	Continue to monitor pupils needs on entry and adjust provision to suit. Continued expansion of Wi-Fi accessible mobile devices within school.	Budget and support from IT contractors. £4000 recently spent on improving AV including class monitors and Ipads	Complete – review as required.	Requires careful consideration each year to determine the extent of adjustments. Continued ongoing monitoring of teaching and learning outcomes to ensure pupils progress is secure.
Make written information accessible to all	Currently written information is made available to all pupils in a range of languages and formats.	Continue to monitor pupils needs on entry and adjust provision to suit.	Ongoing classroom review. Translation services as required	Completed for pupil with EAL – ongoing monitoring of	Requires careful consideration each year to determine the extent of adjustments. IT infrastructure ensures varied pupil access to electronic documents.
